

THE OASIS PLUNGE POOL RANGE

The Future in Plunge
Pools has Arrived!

Find your nearest dealer at
oasispas.com.au

Revolutionary function, form and design in Plunge Pools has arrived with the Oasis Plunge Pools Range by Oasis Spas.

Oasis Plunge Pools are designed and engineered in Australia to meet all Australian Standards and to stand up to the Australian climate.

With a range of models and specification to incorporate traditional pool functionality, to the world leading "Adaptive Flow Control" Inverter Swim System, an Oasis Plunge Pool will transform the way plunge pools are perceived in Australia.

Formed using advanced acrylic and fibreglass technologies, the sleek modern design of the Oasis Plunge Pool range will not only enhance your property but your lifestyle as well.

The functionality of the Oasis Plunge Pool allows for easy installation and integration with your home.

The Oasis Plunge range is designed with integrated LED lighting systems, temperature control, filtration and plumbing systems ensuring a trouble free and simple installation process.

The structural design allows either free standing aboveground installation or inground installations.

With no need for extensive ground works or infrastructure, the Oasis Plunge Pool is completely portable and can be placed directly onto a concrete slab for convenient and easy installation.

The insulated cabinet, shell structure and lockable hard cover of the Oasis Plunge Pools retain warmth, in effect reducing energy consumption and saving money in comparison to traditional plunge pool construction.

Gone are the days of a few months of warm water swimming, whilst in the cooler months a traditional pool sits idle, costing you money without being able to enjoy your investment. Each Oasis Plunge Pool model features an inbuilt computer-controlled heating system so that you can enjoy your Oasis Plunge Pool all year long. In-built auxiliary heater outlets allow for the addition of alternative heating sources such as heat pump, gas or solar heating to easily be connected to your new Oasis Plunge Pool.

OASIS HAS GLOBAL STRENGTH WITH A
NETWORK OF 40 COUNTRIES AROUND THE
WORLD

FEATURES AND BENEFITS

PATENTED TURBO JETS

Upgrade your Oasis Plunge Pool to a Hydro, Extreme or Elite model which incorporate our exclusive patented 3" Turbo Jets. Our "Turbo Jets" are unlike any other on the market and provide a powerful yet smooth, continual flow for exercise and swimming. When coupled with our Adaptive Flow Control on the Elite model, you can set the pace with the touch of a button.

CONSTRUCTION

Uncompromising pursuit of craftsmanship and quality has enabled Oasis Plunge Pools to be at the forefront of progressive luxury.

AMERICAN ACRYLIC

In addition to Aristech Acrylic's excellent gloss and colour retention, surfaces are naturally impervious to microbes and subsequent growth of microorganisms on its surface.

GECKO CONTROLLERS

Power delivery, reliability and longevity – these are the elements that make up the perfect Controller solution that makes Oasis Plunge Pools and swim spas next level!

INSULATION

In a nutshell, your insulation affects running costs. Oasis understands this, therefore our insulation ensures minimal heat loss during running time and provides the most efficient running costs.

"ADAPTIVE FLOW CONTROL" INVERTER SWIM SYSTEM

Our Inverter Swim System combined with our patented 3" Turbo Jets allows you to control the flow of your swim. With 10 gear ranges our Elite model is suitable for all ages.

OPTIONAL ACCESSORIES

SWIM POLE SYSTEM

Fantastic alternative swim system. Perfect for less experienced swimmers and aerobic training. Self correcting allows you to swim fast, slow, left or right.

IN.TOUCH WIFI

Unlock remote access with Android, iPhone, iPod or iPad via wi-fi for full spa control from anywhere.

HEAT PUMP

Ready to connect to your Oasis Plunge Pool this energy efficient alternative can save you up to 75% on heating costs.

COLOUR TOUCH SCREEN

Upgrade your control system to the intuitive, easy-to-operate, full-colour, touchscreen. The new way to control your spa!

IN.STREAM STEREO*

Delivering clean, crisp sound expected by music lovers, in.stream features a Class D amplifier technology to enhance your outdoor audio experience.

*In.Stream only available in conjunction with K.1001 upgrade on Plunge and Hydro models.

A woman with dark hair tied in a bun is swimming in the ocean, looking up and to the left. The water is a deep blue with white foam from the waves. Overlaid on the image are several large, semi-transparent, light blue geometric shapes, including triangles and polygons, creating a modern, abstract design.

CUSTOMER SUPPORT

Every Oasis Plunge Pool comes with three levels of support for your total piece of mind. Oasis Plunge Pools are built and backed by a major international manufacturer with offices in Australia, Europe and Asia.

The national Oasis network provides professional in-house, after sales support, help and advice to our network of long-standing retailers to ensure serviceability is achieved to maintain the highest level of support.

The accessibility of your local retail outlet offers active support, service, parts and knowledgeable advice to you after the purchase of your Oasis Plunge Pool.
